

FLUID MOVEMENT AND EASY ADJUSTMENTS

think about it!

Functionality

Contemporary design combined with intuitive, easy to use controls creates a perfect balance of comfort, support and ergonomic adjustability. CRAVE™ is a series of ergonomic task seating from HORIZON CONTRACT offering a contemporary, tailored yet practical work chair solution for a wide variety of applications. The traditional appeal and comfort of a fully upholstered chair is artfully combined with the latest advances in ergonomic adjustability to create an outstanding value. Ease of use, quality, dependability and affordability were the driving factors in the design of this series.

You won't want to be without it!

Adjustability

A few quick and simple adjustments are all it takes to make your CRAVE™ chair move with you for constant support.

Standard features include:

- Advanced Syncro-Tilt 3:1 Ratio Mechanism
- Side Mounted, Easy to Adjust Tilt Tension Control
- Multi-Position Tilt Lock with Positive Release
- Pneumatic Seat Height Adjustment
- Built-In Seat Slider Depth Adjustment
- Height Adjustable Lumbar Backrest
- Height and Width Adjustable Armrests (Optional)
- Injection Molded Foam Cushions
- Replaceable Seat and Backrest Cushions
- 2.5" Soft Caster Suitable For All Surfaces
- Polypropylene Outer Back and Seat Shell
- Heavy Duty GRF Nylon Base

CRAVE™ chairs come standard with a sophisticated 3:1 ratio synro-tilt mechanism.
