

Activ™ Series A-49

Activ™ Series

A-49M Specifications

A-49M

Advanced "synchro-glide" reclining mechanism works with your body to provide consistent support throughout the entire tilt range. 35° backrest recline range with selectable limiters at 7° intervals. Pressure points and support gaps are eliminated to provide true long term comfort. Sliding seat depth and tilt tension adjustments. Height, pivot and laterally adjustable armrests. Button activated pneumatic seat height adjustment. Adjustable/removable lumbar support gives consistent support throughout the tilt range. Injection molded seat foam upholstered in durable fabric with breathable mesh backrest.

Standard BLACK fabric

Custom fabric upholstery. **Applies to seat only**
